HOW TO APPLY

DETERMINE WHAT TYPE OF IMPROVEMENTS YOU WOULD LIKE (FENCING, LANDSCAPING, OTHER) & WHERE

Fishers will reimburse up to \$2,000 per property to go towards installing screening, privacy, or buffering improvements. Our staff can help walk you through what options would be possible for your property's unique characteristics. We recognize there may be drainage easements or other utilities in rear yards that you have questions about. Our Public Works Department will review any improvements within a drainage easement for concerns related to drainage flow and storm sewer protection and maintenance access.

SUBMIT AN ONLINE APPLICATION AT [FISHERSIN.VIEWPOINTCLOUD.COM](https://fishersin.viewpointcloud.com) UNDER THE PLANNING & ZONING DEPARTMENT TILE

Once the application has been received, staff will review and present the improvements to the Board of Public Works for approval. Applications are notified of approval via e-mail.

INSTALL IMPROVEMENTS

Applicants have twelve (12) months to install improvements. Applicants are responsible for project completion and full payment prior to submitting receipts for reimbursement.

SUBMIT PROOF OF PROJECT COMPLETION & RECEIVE REIMBURSEMENT

Fishers will mail a check of the awarded amount to the property owner upon proof of completion of the project.

**THIS PROGRAM WILL BE AVAILABLE UNTIL THREE (3) YEARS
AFTER COMPLETION OF THE FULL NICKEL PLATE TRAIL.**
